How to reach the Institute of Environmental Research (Biology V), RWTH Aachen University

**By car:** Coming from Liege, Duesseldorf or Cologne or from the Netherlands take the Autobahn A4, exit “Aachen-Laurensberg”. Take the main street to Aachen; after ca. 1 km get out at exit “Klinikum, Vaals or RWTH-Melaten”. After about 2 km leave the exit “Klinikum/RWTH Melaten” and at the roundabout take the first exit (RWTH Melaten). Park in the parkhouse after ca. 400 m on the right side of the street. You reach the 3-floor grey-red biology building by a short walk through “Wendlingweg” (opposite side of the street, diagonally left). In the main entrance hall go left to the octagonal stairwell. The Institute for Environmental Research is located in wing C (ground floor plus floors 2 and 3; the secretariat is in the 2nd floor, room 42C253).

**By train:** Coming from the north via Duesseldorf leave the train at Aachen West station and take the bus 3A, 33 or 73 (direction Klinikum and/or Vaals) up to the bus-stop “Wendlingweg”. Coming from Cologne or from the West, leave the train at Aachen main station and take the bus 3B up to the terminal stop “Klinikum” (Hospital). Bus driving from both train stations to the Biology department takes about 10-20 min (bus schedule: www.aseag.de).
